

Haemodialysis

The Haemodialysis Unit at Colac Area Health operates every Monday, Wednesday and Friday. The unit is equipped with three renal dialysis machines and can accommodate up to three patients twice a day. It is staffed by a team of highly qualified registered nurses.

Colac Area Health Acute Care Services include:

- Urgent Care
- Surgical Services
- Inpatient Services (Acute Ward)
- Maternity
- Haemodialysis

Making a real difference

Colac Area Health aims to be a leader in the development and provision of responsive, integrated health care.

Our vision is to promote the health and wellbeing of the Colac and district community through the provision of quality acute, aged, residential and community services that are accessible, affordable, flexible and integrated.

We welcome participation and support from the Colac area community. Visit our website to see how you can become involved at Colac Area Health.

Acute Care Services

Quality Community Care

Acute Care Services within Colac Area Health provide unique, integrated, patient centred care for the community of Colac and surrounding districts.

Acute Care Services incorporates:

- *Urgent Care*
- *Surgical Services*
- *Inpatient Services (Acute Ward)*
- *Maternity*
- *Haemodialysis*

Urgent care

The Urgent Care Department at Colac Area Health provides a 24 hour emergency service to the Colac Otway Shire and its visitors. Treating approximately 10,000 patients a year, the department is staffed by a dedicated team of nursing professionals. Medical care is provided in collaboration with our local General Practitioners and access to x-ray and pathology is available as required.

Surgical services

An extensive range of surgical specialities including General, Obstetric, Endoscopic, Orthopaedic, Urological, Gynaecological, Ophthalmic and Dental are provided by a combination of our Colac based General Surgeons and Visiting Specialists in our two room operating suite.

Preadmission

To ensure a seamless transition from admission through to discharge, all surgical patients are interviewed by the preadmission nurse either in person or by telephone prior to their admission.

Day Surgery

Colac Area Health's specialised staff care for the day procedure patients in our designated Day Surgery Unit.

Inpatient services (Acute Ward)

Our Acute Ward offers a broad range of patient care for medical, surgical, midwifery and palliative admissions. Medical care is provided by our local General Practitioners and Visiting Medical Specialists. Visiting hours for non-midwifery patients are 11.00am-12.30pm and 2.00pm – 8.00pm. A patient rest period is observed from 12.30pm-2.00pm.

Maternity

The Maternity Unit consists of two birthing suites and two single postnatal rooms. The unit is staffed 24 hours per day by a supportive and highly dedicated team of Midwives and Visiting Medical Officers (GP Obstetricians and Anaesthetists) who are committed to providing family centred, individualised maternity care. Visiting hours are from 2.00pm-8.00pm. Partners/Support People and other children are welcome to visit anytime.
